

Tuesday, July 19, 10:00-11:00 am

Margarita Gonzalez—Santa Rosa and

Sammi Montellanos—Petaluma: Counseling and Transferring

Lanzamiento counselors meet with HSI students via the transfer center. We have 30-minute and 45-minute appointments to discuss educational goals and develop ed plans. Counselors also provide in reach presentations to in person and online classes at both the Santa Rosa and Petaluma campuses. Counselors have also presented at outreach events at local high schools and in the community. Counselors have led several workshops with special focus on the transfer pathway, transfer agreements, creating a college list, and the transition steps for transfer. Collaboration with SRJC staff and faculty has been an integral role as well. Counselors serve on the HSI committee where they review goals and progress of the HSI program.

Brijit Aleman: Mental Health Services

Services are geared to the Latinx student population. Therapy sessions can be conducted in Spanish or English. In addition, classroom presentations can be provided.

Loretta Esparza: Library Resources

As the *Lanzamiento* Librarian, Loretta collaborates with faculty for course-integrated library instruction, possibly partnering with the Librarian Liaison for a specific discipline. She assists with assignment development to include research and information literacy skills. Loretta identify and purchase items for the SRJC Libraries to support specific courses and topics, and to ensure a representation of diverse voices. She provides research assistance to students along with encouragement and opportunities for empowerment and transformation. Loretta also partners with various Student Services and Programs to support students for academic and personal needs, and encourage students to persist and achieve their goals.

Laura Larqué: Communities of Practice

Faculty collaborating through the *Lanzamiento* program will benefit from participating in these peer discussions, centered on culturally responsive practices, inclusive curricula, cross-disciplinary exploration, field-based learning, and supportive community. Our goal is to enhance our individual and collective capacities to reach and empower diverse student populations with a focus on the Latinx community.

Wednesday, July 20, 10:00-11:00 am

Amy Flores: Peer Assisted Learning Specialist (PALS)

These class-embedded peer tutors promote student success by connecting students to campus resources, tutoring students, and cultivating a sense of belonging in the class and academic community. PALS also can provide light grading and teaching assistance to instructors.

Wednesday, July 20, 10:30-11:00 am

Malena Hernández: Santa Rosa and Michelle Vidaurri: Petaluma

Intercultural Centers

The SR Intercultural Center and Petaluma Our House offer a wide range of events, lectures, and workshops for the campus community. Faculty are encouraged to embed SR Intercultural Center and Our House events in their *Lanzamiento* courses as co-curricular activities. In the past, faculty have encouraged students to attend the event or lecture as a class, or they created an assignment for credit where students connect the event to class material/ subject/ readings.

On the Petaluma Campus there is an opportunity to shape the theme of spring events such as We the Future to match the instructor's curriculum by participating in the planning process. *Lanzamiento* faculty can also utilize the SR IC and Our House offerings is attending these events for professional development. Most of the events created by the SR IC and are considered "forever flex" and usually granted PGI credit.

Thursday, July 21, 10:00-11:00 am

Kyle Wallstrum: Santa Rosa

Andrew Gratto-Bachman: Petaluma

Coordinators, Student Success Programs Welcome & Connect Center

Peer support for students includes: text messaging throughout the semester offering "just in time" support, informational emails with referral system for faculty, and personalized one on one peer coach meetings to provide students' academic success strategies, and connection to other campus resources.

Drina Ochoa: Financial Aid

As a Financial Aid Technician for *Lanzamiento*, Drina is dedicated to help support our students fill out their Financial Aid Application, make sure they submit their verification documents, and guide them in the correct direction with any questions they may have along the way. Throughout the semester we hold Financial Aid workshops to keep students informed on Financial Wellness and to make sure they are completing the right steps in order for them to receive the money that is being awarded to them.
