# Welcome and Introductions

## Fall 2022 Lanzamiento Schedule Development

- "Open Call" for faculty participation, so far, we have 46 instructors, past instructors and new instructors from different disciplines
- We may have the list by mid-April, as this is the beginning of the process for knowing who is involved and what support systems they will need.

# Activity Updates from the Recent Reporting Period

- January 1, 2022 through March 31, 2022
- Year 2, Second Quarter Report, due on April 30, 2022
  - Updates only during the period for the report period
- Please email information to Robert Holcomb
  - Laura's information about the Open Call
  - Andrew-sending text out to the cohorts, tally of coaching meetings
  - Debbie-student working on the DRD webpage, three videos to debunk myths
  - Loretta-other librarians are getting more interested in working with Loretta and collaborate on this project; creating new videos together rather than just Loretta working on a video
  - Sami-counseling piece- "Transferring Tuesday" going well so far (in collaboration with EOPS); recording a workshop that we are working with Malena in April; creating video to send out to faculty about early bird registration
  - Bert-doing a health survey over the next month; just completed interviewing trainees for the next year-this year we had one trainee who was bilingual-hope for that for next year; funding from Measure O from the County and Finance personnel reviewing the contract to see if it will work for the college, then we can go out and hire a permanent F/T Therapist for our Latinx student

## **Research and Evaluation Process**

- Coordination with OIR
  - Meeting with Jeremy Smotherman and Blair Lamb to get data requests for the cohort institutional benchmarks: completion of math and English in the first year,

course completion rates, transfer rates and GPA; and how the students are doinghow to capture those metrics. Student panels/student focus groups and qualitative information and faculty feedback. Asking the right questions to the right students, in the right context

 To follow up on a comment written in the evaluation report by our external evaluator, David Trujillo and we should have more information at the next evaluation in September. They should have some more information by that time

## **Other Topics**

AHSIE Conference was well worth going to and talked about Gina Garcia and how Laura would like to have her come to the SRJC. I came back with more hope for our students. Robert was excited in seeing and talking to Beatriz Ceja, National Director of HSI, US Dept of Education.
