DACA UPDATE

5 THINGS TO KNOW ABOUT TRUMP'S ANNOUNCEMENT TO END DACA

On September 5, 2017, U.S. Attorney General Jeff Sessions, on behalf of the entire Trump Administration, announced an end to the DACA program. Here are the top 5 things to know about his announcement:

1. YOUR DACA IS VALID UNTIL ITS EXPIRATION DATE.

DACA and work permits (Employment Authorization Documents) will remain valid until its expiration date. To determine when your DACA and work permit expires, look at your I-795 Approval Notice and the bottom of your Employment Authorization Document (EAD).

2. NO NEW DACA APPLICATIONS WILL BE ACCEPTED.

United States Citizenship and Immigration Services (USCIS) no longer will accept or process first-time applications after September 5, 2017.

3. DACA ISSUANCES AND WORK PERMITS EXPIRING BETWEEN NOW AND MARCH 5, 2018 MUST BE SUBMITTED FOR RENEWAL BY OCTOBER 5, 2017.

If you have a permit that will expire between now and March 5, 2018, you must apply for a two-year renewal of your DACA by October 5, 2017.

4. ADVANCE PAROLE TO TRAVEL ABROAD IS NO LONGER AVAILABLE.

The Department of Homeland Security (DHS) will no longer grant DACA recipients permission to travel abroad through Advance Parole. Any pending applications for advance parole will not be processed and DHS will refund any associated fees.

5. WE ARE UNITED IN THIS FIGHT.

You are not alone. We mobilized, organized, and marched five years ago for DACA, and we will continue to do everything in our power to protect immigrant youth and their families across the country. Visit weareheretostay.com for resources to help you and your loved ones take care of yourselves in this difficult time as well as information on what you can do to take action now.

THE LIMITS OF HUMANLY KNOWABLE MATHEMATICAL TRUTH, GÖDEL'S INCOMPLETENESS THEOREMS, AND ARTIFICIAL INTELLIGENCE

TIM MELVIN, PHD

In 1931, Kurt Gödel published one of the most infamously not-famous-enough works in mathematics: his incompleteness theorems. In this talk we will explore the history behind his incompleteness theorems, and how he showed that truth and mathematical proof are not the same. We also explore how Gödel's incompleteness theorems relate to artificial intelligence and the limits of humanly knowable mathematics.

DOLORES

REBEL. ACTIVIST. FEMINIST. MOTHER.

Written, Directed, and Produced by **PETER BRATT**
 Executive Produced by **CARLOS SANTANA**

Dolores Huerta is among the most important, yet least known, activists in American history. An equal partner in co-founding the first farm workers unions with Cesar Chavez, her enormous contributions have gone largely unrecognized. Dolores tirelessly led the fight for racial and labor justice alongside Chavez, becoming one of the most defiant feminists of the twentieth century—and she continues the fight to this day, at 87. With intimate and unprecedented access to this intensely private mother to eleven, the film reveals the raw, personal stakes involved in committing one's life to social change.

"Exuberantly inspiring...makes you want to march and dance!"

- David Talbot, San Francisco Chronicle

"Energetic, engaging"

- Dennis Harvey, Variety
